

Thermo Complete Herbal Tablets

Thermo Complete is a revolutionary herbal supplement designed to support the shape-management process.

Thermo Complete combines a potent blend of carefully selected herbs. The individual properties of these herbs work synergistically and naturally to help you feel invigorated and better able to cope with the daily challenges associated with dieting.

Even the most ideal weight-loss programme, combining optimum nutrition with regular exercise, may leave you feeling low. Struggling to get through the day without giving-in to cravings and nagging hunger pangs, can be a serious challenge for even the most dedicated person, determined to control his or her weight.

During a weight-loss programme with reduced calorie intake, it is more important than ever to ensure that you are consuming sufficient essential nutrients to help your body stay strong and healthy. All of the products in Herbalife's weight management programme are designed to work together – each offering a range of complementary nutrients that are considered essential for your health and well-being.

Do you feel...

- tired frequently due to excess body weight?
- that you need a vitality boost?
- that your diet lacks in essential nutrients?
- like making lifestyle changes to improve your eating habits?
- you have failed on other diets?

If the answer to any of these is yes, then Thermo Complete could be just what you are looking for, as part of a weight-loss programme.

Cross-selling Thermo Complete

For those who are on a weight control programme, Thermo Complete may be considered one of the core and "essential" products in Herbalife's range of products to help support a weight-management programme.

Take Thermo Complete alongside Formula 1 and any combination of the supplements designed to support Herbalife's weight-management programmes... programmes that are designed to suit each individual customer.
